

Reza Palizban

Vice President

Aegis Innovators

At Aegis Innovators, we excel at helping small and medium-size companies rise above the important, routine tasks involved with running a business so you can focus on the fun stuff. We offer a wide range of services including:

- Managed IT, Managed Security and Compliance
- Telecommunications (VoIP/Internet)
- Intranet Portals – setup and design via SharePoint
- Enterprise Content Management (ECM)
- Cloud Services and Cloud Application Management via Microsoft Azure
- Training and Adoption Services
- Business-class Email and Communication Systems

Business-class email works harder for you—keeping you organized no matter the size of your inbox, connected no matter where you are, and secure from external threats. Through our experience as a Silver (soon to be Gold) Certified Microsoft partner, we can help you choose the right solution, tailor it to fit your unique needs, and drive adoption among employees, all while staying within your budget.

We service all industries but focus primarily on healthcare, biomedical, biotech and legal.

Cyber War

The US Under Attack

HR Cybersecurity: What you need to know and do

- 1 out of 130 Emails contain malware
- 167 million malware attacks per day
- 4,000 ransomware attacks every day
